PEOPLE MUST CO-OPERATE WITH OFFICERS IF BLIND TIGERS ARE SUPPRESSED

It has come to my attention iast week, was getting along nicely through the medium of anonymous letters that at least a few citizens in ry it. some parts of the county have a sufficient desire to put down the illicit traffic in intoxicating liquors to criticise the public officials of the county because of the alleged prevalence of boot-leggers and blind tigers in those respective communities.

The statute making it uniawful to sell and furnish intoxicating liquors in local option territory can be enforced only as other penal statutes are enforced, that is, by the production of evidence sufficient to satisfy through the medium of witnesses and competent circumstances attending the conduct of the illicit traffic in such liquors. This evidence can be furnished only by those who have made purchases or have visited the place of business of the accused. The public officials of Ohio county neither buy liquors from blind tigers nor frequent them. Hence, evidence necessary to convict the offenders must be furnished by othere than

If you are interested to the extent indicated, come to see me. It doesn't do any good to write letters to me or other officials, to which you are not willing to sign your name.

I am thoroughly imbued with the idea of suppressing the illicit traffic spected and well known citizen of in intoxicating ilquors in this county and have written and publish these lines in the hope that those who can, had been ill quite awhife, principal- if they will, furnish the evidence upon which convictions sufficient to entirely erndicate the blind tiger chlidren. County Attorney, Ohlo County, Ky. PEOPLE SHOULD REFUSE ASSISTANCE TO TIGERS

County Judge Jno. B. Wilson and County Attorney C. E. Smith held n court of luquiry in court hall last Friday, when quite a number of the Hayti citizenry were summoned and questioned as to the sale of liquor in Haytl or Hartford, Although some of the witnesses were known base a writ of arrest of the offending parties.

One of the main troubles connected with suppressing the liquor traf- 0000000000000 Railway Co., on returning home fic is, the officers, we fear, do not get the support they should from the citizens in general. If all the law-abiding citizens of flartford and vicinity would make up their minds to loyally assist the officials, both in spirit and act, in suppressing the nefnrious practice of liquor-selling in our community, the bootleggers would soon go out of business.

Then when some gullty party is caught in the "dragnet" and is indicted for false swearing or for the sale of liquor, the matter should be pressed in Circuit Court and the offenders punished as the law directs.
